BugSlayer

Language: C++

```
#include <iostream>
using namespace std;

int main() {
   int age = 20
   cout << "Age: " << age << endl;
   return 0;
}
```

Expected Output:

```
Age: 20
```

The compiler said:

```
expected ',' or ';' before 'cout'
```

Missing semicolon

Misspelled variable
